NEW JERSEY AUDUBON LOOKS FORWARD TO SHARING THE WONDERS OF NATURE WITH YOUR CHILD THIS SUMMER.

Now more than ever, we know how important it is for children to get outdoors. To run and jump and splash; to watch and wonder and be excited about the natural world. Our 2022 Camps are designed to do just that!

All Federal, State, and local health guidelines will be followed to keep children and our summer camp teachers safe. Class size will be limited with strict adherence to wearing masks.

NJ Audubon membership is required to sign up for camps. Members strengthen the voice with which NJA speaks out for protection of NJ’s wildlife and natural areas.

STATE OF NEW JERSEY SUMMER CAMP CERTIFIED
Connecting All People with Nature and Stewarding the Nature of Today for All People of Tomorrow.
SESSION I: June 27 – July 1
FUR AND FEATHERS
Meet the wildlife that call Lorrimer Sanctuary home! We’ll explore the preserve and observe the animals we encounter, from the slimy and slithery critters that live under logs to the furry and flying ones that live on the ground or in trees!

SESSION II: July 5 – July 8
HABITATS & HOMES
Each day we will explore a different habitat to find out more about the native creatures who live there! We’ll investigate the forest, meadow, tree canopy, and stream as we search for animals and discover cool plants.

SESSION III: July 11 – July 15
ARTISTS IN THE WOODS
Discover the forest at Lorrimer in a new way – through art! Create beautiful outdoor art sculptures, paint with natural items like rocks and berries, and explore nature by drawing and crafting.

SESSION IV: July 18 – July 22
WILDLIFE EXPLORERS
Frogs, turtles, snakes, butterflies, and birds! Grab a net, a pair of binoculars, or a magnifying lens and let’s get up close to the animals living at Lorrimer Sanctuary! Campers will experience the natural world through age appropriate and hands-on nature exploration, games, and crafts.

SESSION V: July 25 – July 29
WATER WONDERS WEEK
Get wet during our water week! Campers will explore our brand new trail to the stream, search for insects, frogs, and turtles in the pond, and learn about how all life on earth relies on water, as well as play plenty of fun water games!

SESSION VI: August 8 – August 12
BRILLIANT BUGS!
Bugs, slugs, butterflies, caterpillars, cicadas, and more! Search for insects all around the preserve from the woods to the pond, learn about their lifecycles, and identify their many interesting habits! This week will include an optional night hike for fireflies and other nocturnal insects.

SESSION VII: August 15 – August 19
BACKYARD SURVIVAL
Build a shelter, learn to track animals, and search for clues about who’s been in these wild spaces before you! During this week we will learn wilderness survival tips, connect with nature using “Leave No Trace” principles, and practice our camouflage and tracking skills!

SESSION VIII: August 22 – August 26
GREATEST HITS!
Join us for a “best of” week where we’ll hike through the sanctuary while playing some of our camp-wide favorite games, and enjoy some of the biggest hits from the rest of the summer – build shelters, explore the stream, search for slugs, and go for a scavenger hunt!

SESSION I: June 27 – July 01
FISHING I
Join us for five days of fishing fun and instruction. Whether you’re already an experienced fisherman, or a beginner eager to learn, this camp is for you! We’ll cover all the basics from gear, bait and lures to proper fish handling and conservation ethics. Each day we will meet at a different publically accessible pond or stream in the local area. Bring your own gear; rod, reel, and a tackle box (if you don’t have your own gear, ask us about loaners). Transportation is not provided.

SESSION II: July 05 – July 08
FISHING II
Special Price: $280
Didn’t get enough during Fishing I? Join us again as we meet at a different natural area each day in search of fish and the skills necessary to catch them! *Participation in the first week of Fishing camp is not necessary to join us for week 2! See description for SESSION I.

SESSION III: July 18 – July 22
FISHING III
Didn’t get enough during Fishing I or II? Join us again as we meet at a different natural area each day in search of fish and the skills necessary to catch them! *Participation in the first week of Fishing camp is not necessary to join us for week 2! See description for SESSION I.

SESSION IV: July 25 – July 29
REPTILES & AMPHIBIANS I
Do you like frogs, snakes, salamanders, and turtles? Did you know there are 71 species of reptiles and amphibians in NJ? Spend a week with us to see how many we find. Each day we will meet at a different natural area in search of our slimy, scaly friends! Field trips include Ramapo Lake, Allendale Celery Farm, Franklin Lakes Nature Preserve, and Campgaw Reservation. Transportation is not provided.

SESSION V: August 8 – August 12
REPTILE AND AMPHIBIAN CAMP II
Didn’t get enough during Reptile and Amphibian camp week 1? Join us again as we meet at different natural areas each day in search of fish and the skills necessary to catch them! *Participation in the first week of Fishing camp is not necessary to join us for week 2! See description for SESSION I.

SESSION VI: August 15 – August 19
WILD SURVIVAL
Learn some of the basics of outdoor survival. Learn how to build a shelter, track animals, find water, and learn how the Lenape lived off the land. Make a fishing pole and go fishing, make a hiking stick, start a campfire, and more. Each day we will meet at a different public park. Transportation is not provided.
