

2026 Returning WSB Participant Information

The fundraising system adopted in 2025 will remember you and your contact information, as well as the contacts you saved in your Participant Center last year.

- Everyone should start with the REGISTER button. Do not attempt to login in the upper right corner of the screen, as it will not get you to your Participant Center until you are registered.
- Only the Captain of last year's team can restart the team this year. The system will bring back your team description and photo or video, which you can then update.
- Captains, if your team was password protected last year, you will need to update the password and share it with your teammates.
- Returning participants have the option to join last year's team, once it is created, or another team by using the Search function. Either way, the system will save your contacts; even your previous team's team members.

1 Get Started 2 Select Options 3 Provide Details 4 Agree to Terms 5 Review 6 Make Payment

Join existing or form new Level 2 team **Rejoin last year's team**

Would you like to rejoin your previous team? **REJOIN SPECTACLED SCREEN THRASHERS**

Spectacled Screen Thrashers

*Team Name: **Or, search for another team** **SEARCH FOR A LEVEL 2 TEAM**

Or, start a new Team I would like to start a new Level 2 team

- If your captain has not yet restarted last year's team, you will see it listed if you do a search, but it will not allow anyone but last year's captain to bring it back.
- If last year's team captain is not returning, you can start a new team, and the system will still remember your contact information and contacts, as well as those of any returning participant.
- The teams and participants are saved within last year's Levels of Competition, ie. Level 1, Level 1A, Level 2 and Level 3. If you register in a different level than last year, you will be starting anew.
- IF you plan to change the TEAM NAME, we recommend doing so after all of last year's team members have registered. If not, they will have to search for the new team name.
- If you can't remember your login name, we can help you with that. Please email your request to wsb@njaudubon.org.
- If you can't remember your password, you must use the password reset.
